

The world's only swimmable sound processor is making waves!

DIECUT WINDOW

## A new era of innovation

*"We are proud to continue our long-standing tradition of leading the industry with breakthroughs in cochlear implant technology. Neptune is a giant leap forward, delivering the best possible hearing in and out of the water."*

—Dr. Gerhard Roehrlein, CEO & CTO

# NEPTUNE™

By Advanced Bionics

**NEPTUNE™**  
By Advanced Bionics

The industry's first **freestyle™** design  
giving you the flexibility to wear it how you like it

**strength** in performance

Neptune delivers AB's advanced sound processing strategies to help patients:

Hear speech clearly in noisy settings with AB's groundbreaking ClearVoice™\* technology

Enjoy the complexities of music with HiRes Fidelity 120™\*\*

Listen with less effort with AutoSound™, which adapts automatically to surroundings without adjusting controls

\*Pending regulatory approval in the United States.  
\*\*Not approved for pediatric use in the United States.

the **swimmability**  
to enjoy pool and bath time

the **useability & durability**  
for all ages and lifestyles

the **beauty** of nothing on the ear

the **performance capability**  
to hear your best

NEPTUNE™ | **strength** in design  
By Advanced Bionics

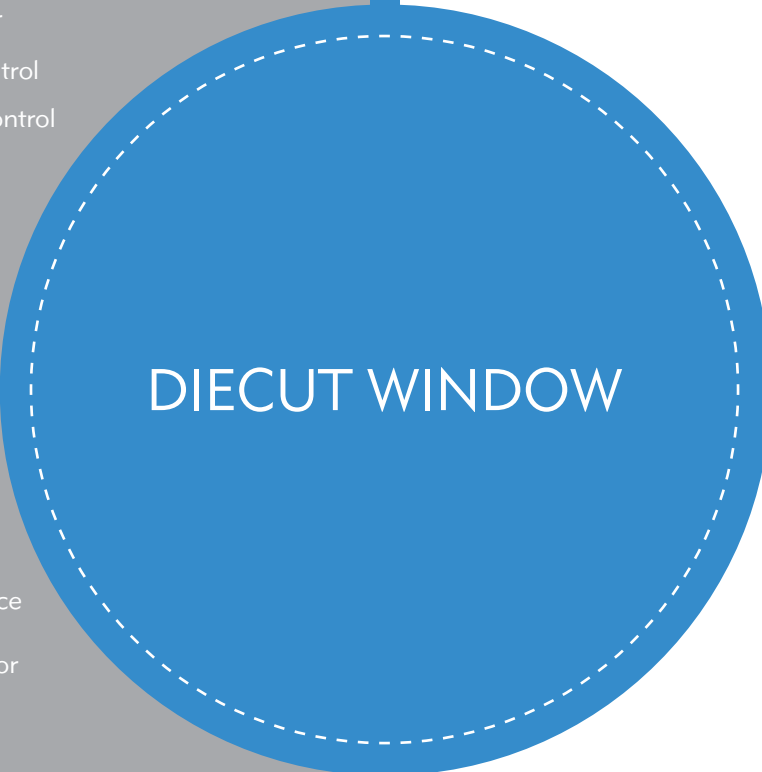

**Ready for Swimming!**  
(Profile view without Neptune Connect)

**IP68†** **strength** in numbers

AB has the industry's highest rating!

**Protection against solid foreign bodies**  
Rating: 0 indicates no protection and 6 indicates dust tight. AB offers maximum protection against solid particles.

**Protection against various forms of moisture**  
Rating: 0 indicates no protection and 8 indicates protection against complete, continuous submersion in water.  
Only AB offers the world's first processor and microphone intended for repeated submersions.

†Complies with IEC 60529 IP68 rating.
